

Elizabethtown College
Standards of Satisfactory Academic Progress
for Undergraduate Students (Day and Evening Sections)

tisfactory Academic Progress. Section 668 requires

Minimum Completion Percentage (MCP)

The Minimum Completion Percentage is the percentage of coursework that a student must earn during enrollment. This component requires Elizabethtown College students to earn passing grades in at least, 67% of their cumulative course credit hours attempted.

Minimum Cumulative Grade Point Average (GPA)

Students must satisfy the qualitative portion of Satisfactory Academic Progress regulations by maintaining the minimum cumulative grade point average accepted as described below.

- V 1.7 after up to 18 credits have been completed but before 19 credits have been completed
- V 1.9 after 19 credits have been completed but before 35 credits have been completed
- V 2.0 between the time that 35 credits have been completed and the student graduates

Proper withdrawal from day classes during the first four weeks of a term will not affect the cumulative grade point average. Incomplete courses do not earn credit or influence the grade point average in the semester in which the course is incomplete; however, they are counted once they are completed.

Basic Requirement:

Federal Regulations require students applying for receiving federal financial aid to maintain satisfactory academic progress toward their degree. These standards are applied to Elizabethtown College institutional aid recipients as well. To measure progress, the Financial Aid Office evaluates quantitative (cumulative grade point average) and qualitative (cumulative grade point average) as a student pursues his/her degree. Failure to meet these standards will result in the suspension of financial aid eligibility, which may include federal, state and institutional aid.

Repeated Coursework:
